PROVIDING YOU WITH PEACE-OF-MIND

In a medical emergency, every second counts...especially when transporting patients who are far away from adequate medical treatment. No one knows that better than the air ambulance flight crews.

Our provider's transport teams are on duty 24-hours a day, 365 days a year at ALL of our provider's base locations in order to assist the communities they serve. In addition to outstanding critical care air transport services, membership is one more way they serve the communities. By offering this beneficial membership program, members can utilize the option of lifesaving medical transport without financial worry. The provider's in the AirMedCare Network commitment to excellence is far reaching and the Membership Program is yet another extension of the commitment to you.

AirMedCare Network providers respond to scene calls, hospital-to-hospital transports, and assist search and rescue, carrying seriously ill or injured patients to the nearest appropriate medical facility. One flight can cost thousands of dollars, and may not be covered in full by your insurance plan.

AirMedCare Network providers are happy to offer a broad membership plan that covers the remaining balance of your transport after your insurance plan has paid, leaving you with no out-of-pocket air medical transport expenses. And, as a member, the AirMedCare Network provides you with reciprocity among more than 320 helicopter and airplane base locations coast-to-coast, across 39 states. Thus, you could be flown by any one of the AirMedCare Network partners and experience the same benefits (i.e. no out-of-pocket expenses for a medically necessary flight).

Open enrollment will be held at the Lake Santeetlah town hall on August 23rd, 2017 from 9 a.m. to 12 p.m.
